Summer Intent for Financial Aid

If you are planning to attend summer school and would like to receive financial aid, please submit this form to our office by March 31st in order to ensure your summer aid will be awarded in a timely manner.

Information related to Whittier Law School’s summer abroad programs as well as that of financial aid were provided at Dean Calvin Peeler’s Summer Abroad Meeting for students. Therefore, students should plan accordingly and be aware of the non-refundable policy on all abroad programs. The amount of financial aid is available for the cost of the abroad program as set forth in the budget only. Any other fixed costs for living expenses in the U.S. are not included and are the sole responsibility of the student.

Students attending non-WLS classes/programs must contact the host school for information related to the cost of the program, arrangements for tuition payment, and other requirements. Students must provide a copy of the acceptance letter and the host school’s contact information for financial aid processing. Only costs of the attended program can be included in the financial aid budget.

Please note the budget for your summer financial aid is based on the information provided below and before registration. Therefore, it is subject to adjustment should there be any change in enrollment. Also, regulations require students to enroll in at least four (4) units for the summer session in order to receive financial aid. Normal enrollment for the summer session is 4-6 units.

If you have any questions, please stop by the FAO or call us at 714-444-4141 x203.

If I borrow loans for the summer session, I understand (a) I must confirm the acceptance of my aid awards online, and (b) I must apply for the eligible loan in order for the FAO to certify my loan. Any delay on my part will slow the processing of my loan and disbursement. I also understand that it is my responsibility to contact my lender for the status of approval and release of my loan funds. Moreover, financial aid disbursements occur within 10 days prior to the start of classes or study abroad programs. Therefore, I am responsible for all costs and expenses incurred before the arrival of my loan funds.
